

Celebrating research at Royal Brompton & Harefield

Research open day

Friday 15 July 2016,
anytime between 11.30am - 2.00pm

Main reception, Royal Brompton Hospital,
Sydney Street, London, SW3 6NP

Find out how our research is changing patient care

- Have some fun on our interactive stalls
- Hear about the latest research into heart and lung diseases
- Meet researchers and talk about their work

Hands on activities will include: heart rhythm repair computer game, 3D printed cilia models, strawberry DNA extraction and building a water filled heart muscle model.

For more information please email research-findoutmore@rbht.nhs.uk
